Prof. L.H. Pammel,
I.S.C.
Ames, Iowa.

Dear Mr. Pammel:

I have yours of the 11th inst. I waited some time and finally decided to write Dr. Stanton and did so a few days ago, but I do not think it was anything that you would not approve of, and it was confidential to him. I would not think of writing to Prof. Beyer. I hope it will not mix matters at all.

Thanking you again for your kindness and with regards to your family, I am,

Yours very truly,

James D. Shearer

S/B

P.S. I am returning the correspondence that you sent me.

Dr Beyer's statement to me seems
likely to have been based on what
Dr Buchanan & Dr Sturge said
to him. Dr Beyer was obstinate when
I spoke to him. I think his judgment
was wrong. I finally did succeed in
getting Miss Hayden's salary raised
to \$1800. The faculty episode is an
interesting one. Apparently Miss Hayden
attended this meeting innocently. L.H.P.
