Ames, Iowa

August 26, 1918.

Dr. C. E. Allen
Dept. of Botany, U. of Wis.
Madison, Wisconsin

Dear Dr. Allen:

I am in receipt of your letter of August 24 and note that you have returned the manuscript to me. You have made some suggestions which I will submit to Dr. Hayden. No doubt she can make the necessary alterations and take into account all the suggestions you have made.

When the papers are ready they will be sent to you.

Yours very truly,
