Dear Dr. Pammel.

Your grasses were received and cared for.
Your letters from Council Bluffs came just now.

I sent two letters to Emmetsburg but they were returned to me and I have been given no address since.

There are several items that I thought might be referred to you and two letters, one from Dr. Pearson marked Personal and one from Dr. Bakke; but I shall not send them until you give me a definite address.

(over)

Everything is going well.

Sincerely,

Ada Hayden

One thing I should like to know
about is: Shall I O. H. Thesis
or leave it until you return.
One came up this week to be
completed this quarter.
