

Dr. F. H. Pammel,
Ames, Iowa,

Dear Dr. Pammel; - Your letter was received and I appreciate your kindness in regard to the recommendation.

I have written to the Thurston Agency and will not use your name in connection with the other one. However, I may do some business with the other one. - I don't know. It is not a bad plan to know what is available anyway seems to me.

I presume the personal letter would be a good thing. Thanking you for your kindness,

Sincerely

Ada Hayden
