

ANNA H. MORGAN, PH.D.
INSTRUCTOR IN ZOOLOGY

MT. HOLYOKE COLLEGE
SOUTH HADLEY, MASS.

Miss Hortense Butler.
Peterson, Iowa.

Ithaca, N.Y.
July 30, 1912

My dear Miss Butler:-

I love the May fly specimens which you kindly sent and Dr. Reed has asked me to thank you for him. We are very appreciative of the material which as you know is rather hard to obtain. It seems to be remarkably absent from most museums. I shall be glad to obtain any more which you may come upon at any time. Thanking you again for your kindness,
Love,

Very truly yours,

Anna H. Morgan.
