Autumn Hawkwatching @ Grammer
Sept 11 - Dec 1, 1996 Grove

Best count days for some species;

turkey vulture - 34 on Sept 28 ✓

✓ Bald Eagle - 5 on Oct 27

✓ 16 on Dec 1 (they were really
snowing that day)

✓ Sharpshin - 65 on Sept 30

57 on Oct 5

✓ Red-shouldered - total count -

1 each on Sept 14, 15, 28

and Oct 2, 5, 30

✓ Broadwings - 63 on Sept 15 -

rather slow this year, as was

Hawk Ridge count at Duluth

✓ Swainson's - 1 on Sept 28 on brisk

west winds

✓ Redtail - 76 on Oct 7

70 on Oct 24

97 on Oct 27

✓ Roughleg - 1 each on Oct 27 + Dec 1

✓ Golden Eagle - 3 on Oct 2

1 on Oct 19

1 on Nov 2

Beth Proescholdt, Box 65, Liscomb 50148

3

Autumn Hawkwatch, (cont)

Merlin - 2 on Sept 14

3 on Sept 29

total of 10. (There were reports
of a good number of Merlins
this year)

Gyr Falcon - Oct 27 - documentation to
follow.

Even though December isn't in
this count period, I just had to go out
today to see what was flying,
I counted 16 Bald Eagles and a
Roughleg. Migration of the Big Bays
isn't over yet!

- Beth
