December 5, 1997

Dear Tom,

Jim Dinsmore said I should tell you that a spotted towhee was in our backyard on November 9th, 1997

Also, from November 2-5, there were 2 fox sparrows and 3-4 Harris' sparrows in the backyard. No Lincoln's this year in my yard.

Of course, 2 red-breasted nuthatches for much of the fall.

Terry Shepherd called to report 6 redpolls in Dallas Center on November 21st, about the same time that others were reporting them.

Do you have e-mail? My address is jrclark@radiks.net.

Thanks,

Jane Clark
