

REQUEST FOR MORE INFORMATION

To: Maridel Jackson

From: Tom Kent, Field Reports Editor, Iowa Bird Life, 211 Richards St., Iowa City, IA 52246

Sometimes I am on the fence as to whether to include a bird sighting in the report or not, usually because I don't have enough information or the sighting is so unusual that I would like to check on it. I have a choice of making a decision or seeking more information. This form is an attempt to do the latter.

I would appreciate it if you would return this form in the enclosed self-addressed stamped envelope as soon as possible so that I can make alterations in the report before it is published. Thanks.

Record: Orange-crowned Warbler, Northern Parula

Significance: record early date 12 Apr

Information requested: ↳ or May?

- confirm date
- how well seen (viewing time, distance, view, other details)
- description of bird (as much as you can honestly remember)
- voice (heard?, what was heard?)
- can other observers also provide details?

Tom,
This was April 12th.
We were doing the April bird survey at Does. They were with chickadees and kinglets about four feet over our heads and moving in an area around where we were standing. If you need more info, let me know.
