

Ottumwa Bird Club

March 1945

The Ottumwa Bird Club met Thursday evening, March 1, in the Courier Auditorium.

A short business meeting was held regarding the holding of the State Iowa Ornithologists' Convention in Ottumwa. It was decided that investigation should be made to determine whether a Saturday night banquet could be served.

"Wildlife from Prairie to Mountain Top" was the subject discussion by Charles C. Ayres, Jr. This talk was illustrated by colored slides taken in Colorado covering birds, flowers, animals and scenic views. A number of these slides were taken by Dr. Alfred M. Bailey of the Colorado Museum of Natural History in Denver. The remainder of the slides were taken by Mr. Ayres on a recent trip to Denver.
