

Memo from aj.....June 2, 1999

To: Tom Kent
From: Ann Johnson
Subject: Spring Field Reports

Hope this works for you. I'm under the gun here and leave tomorrow for a weekend in Colorado. Have my notes on the goshawk and Prairie Warbler but haven't taken time to put in any format yet. Will do that as soon as I get home; i.e., Monday night, and send to you.

You and Russ have a good time warblering? He made the right choice. Owls in AZ were tough in the wind. We had a good time anyway. Now I'm looking forward to Mexico again.
