

Spring 1999 Field Report - Jim Sinclair

P10 N. B St.

Indianola, IA

50128

Date	NO	Species	Location and Comment
✓ 5/19	137	Hooded Merganser	Runnells G. A.
5/19	1	Sharp-shinned Hawk	Lake Aquabi St. PK.
✓ 4/18		Cooper's Hawk	Three active nests. One at Woodland Mounds Preserve and two at Aquabi. One of the Aquabi nests was abandoned before incubation was initiated.
✓ 5/19	1	Common Moorhen	Norwalk Sewage lagoons - possible Warren C. first
✓ 3/14	1	Northern Saw-whet Owl	Hooper G. A. Warren C. Bird was subsequently found several times through mid-April
5/25	1	Golden-crowned Kinglet	Stevens St. Forest, Lucas Unit
✓ 4/20	8	Hermit Thrush	Warren C. Good Hermit Thrush year
✓ 4/25	1	E. Kingbird	Other Creek PK, Warren C.
5/13	1	Philadelphia Vireo	Woodland Mounds
✓		Warblers	next Page
4/22	1	Northern Oriole	Indianola

An amazing warbler year in Warren Co with 24 species seen on 5/13 and a personal record 29 species recorded on 5/14.

Date	No	Species	Location and Comment
5/8	2 ♂	Hooded Warbler	Singing males returned to same location at Alquabi as last year
✓ 5/13	2 ♂	Cape May Warbler	Woodland Mds Preserve
✓ 5/14	1 ♀	"	Lake Alquabi St. PK.
✓ 5/13 & 14	1	Warm-eating Warbler	Woodland Mounds Preserve Seen and heard on both days in same general area
✓ 5/14	2	Cerulean Warblers	Woodland Mounds
✓ 5/14	1	Yellow-breasted Chat	usual Warren C. spot on private land.
✓ 5/14 22	1	Prairie Warbler	Found by Ann Johnson at the south end of Alquabi on 5/1. I found the bird the next day in more suitable habitat across the street at the Hooper G. A. A subsequent search the following day did not relocate the bird.
