Dear Yvick - **late FN ISL**

2/28/77

update on winter season -
seen - Feb 27 -

Pied-billed Grebe - Mettendorf - ^{Prob. birds} that wintered
at Loch 14.
Ring-necked Pheasants - 30 - also 2/26 - Lindsay

Goat Club
Wattlehead - 7 - I 80 Widge

Am. Coot - 10 - Goat Club

Franklin's Gull - I 80 Widge - breeding plumage
even rosy belly

Common Goldeneye + Siskins - still present - however

Maybe shaping up as an early spring -
Tom Shives mentioned a field trip for 3/5 - Iowa
city group - still on? So long, Pete
