Dear Nick;- Just rec'd a letter from
Mr Robert Nero, Winnipeg Manitoba
and am sending you a Xeroxed copy
enclosed.

He seemed to think the Snowies
were not driven south by hunger!

I have to date reports of 190
Snowies in 73 counties. Woody in
Annotated List says Snowies seldom
seen after med Feb. Have 1 seen in
Guthrie County Feb 21 and 1 seen in
Pawnee County Feb 22.

Our Snowy present at Red Rock
dam Jan 1 to Feb 11, suspect he
kept fat on Mallards too!

Had a report of one Goshawk seen
in Fayette County in Jan '77 by a Dr. C. J.
Nemmers + his wife of Osburn

Sincerely,
Gladys Black
