

RONALD HARMS, D. D. S.
LAURENS, IOWA 50554

Please forward if necessary. The sandpiper should stay in the same area a few days.

I saw an upland sandpiper yesterday 6-23-85 in Dickinson Co, NE of Milford, Ia.

An yellow-bellied Flycatcher was in my yard (Laurens, Ia) 6-12-85 for a possible late date.

There seems to be more Warbling Vireos around than usual. (It could be that I can just now separate them from the other vireos + warblers)

Ronald Harms
