

TERRY E. BRANSTAD, GOVERNOR

DEPARTMENT OF NATURAL RESOURCES

LARRY J. WILSON, DIRECTOR

Wildlife Research Station
RR #1 Boone IA 50036
5 December 1990

Dear BBA Coordinator:

The working cards (I refer to them as master cards) Carol refers to are being prepared at the Boone Station for those blocks we "seem" to have received all field forms for. We will send these master cards upon request to the coordinators who cannot spend time at the Boone Station preparing them themselves. Please contact me if you wish us to send you the master cards for your counties. To date, master cards have been prepared for about one-fourth of all blocks worked in.

Tentatively, a BBA coordinator meeting will be held in January at the Boone Station. Dates suggested to date include January 5, 8, or 12. Please contact Carol or Jim Hansen with input about what date(s) you can attend.

If you have questions or need to discuss something about the BBA data I might help you with, feel free to call me at (515) 432-2823.

Sincerely,

Bruce Ehresman
Nongame Wildlife Technician
