| ✓ | SEMIPALM PLOVER   | 10    | 9/1           | USNWR                    | peak   |
| ✓ | " "               | 2     | 9/30          | USNWR                    | last   |
| ✓ | AVOCET            | 1     | 8/29          | USNWR                    | first  |
| ✓ | " "               | 6     | 9/28          | USNWR                    | peak   |
| ✓ | GREAT YELLOWLEGS  | 29    | 9/28          | USNWR                    | peak   |
| ✓ | LESS YELLOWLEGS   | 160   | 8/29          | USNWR                    | peak   |
| ✓ | " "               | 1     | 10/31         | Maynard Reece WPA        | last   |
| ✓ | SANDERLING        | 1     | 9/9           | USNWR                    | first  |
| ✓ | " "               | 1     | 10/5          | USNWR                    | last   |
| ✓ | WESTERN SANDPIPER | 1     | 9/1           | USNWR                    | The bird was too far out for plumage detail, but had an extremely long drooped bill. It looked like a Dunlin bill spliced onto a Semipalmated Sandpiper. |
| ✓ | LEAST SANDPIPER   | 120   | 8/29          | USNWR                    | peak   |

|                     |     |       |                                       |  |
|---------------------|-----|-------|---------------------------------------|--|
| ✓ BAIRD'S SANDPIPER | 30  | 9/1   | USNWR                                 | peak   |
| ✓ " "               | 6   | 10/27 | USNWR                                 | last   |
| ✓ PECTORAL SAND     | 600 | 8/29  | USNWR                                 | peak   |
| ✓ " "               | 2   | 11/3  | USNWR                                 | last   |
| ✓ DUNLIN            | 1   | 9/22  | USNWR                                 | first  |
| ✓ " "               | 15  | 10/20 | USNWR                                 | peak   |
| ✓ STILT SANDPIPER   | 80  | 9/19  | USNWR                                 | peak   |
| ✓ " "               | 7   | 10/15 | USNWR                                 | peak   |
| ✓ BUFF-BR SANDPIPER | 1   | 9/1   | USNWR                                 | first  |
| ✓ " "               | 2   | 9/15  | USNWR                                 | last   |
| ✓ SHORT-B DOWITCHER | 18  | 8/29  | USNWR                                 | peak   |
| ✓ LONG-B DOWITCHER  | 28  | 9/28  | USNWR                                 | peak   |
| " "                 | 3   | 10/31 | USNWR                                 | last   |
| ✓ RED-NECKED PHAL   | 2   | 8/29  | USNWR                                 | first  |
| ✓ " "               | 3   | 9/19  | USNWR                                 | last   |
| ✓ LESS BLACK-B GULL | 1   | 11/21 | West Okoboji                          | see doc  |
| ✓ HYBRID GULL SP    | 1   | 11/21 | Spirit Lake                           | A large, pale, 1st winter gull showed characters of Glaucous and Herring or other large gulls. Larger than Herring Gull size (by comparison) and large pink bill with black tip indicate Glaucous parentage. Darker-than-mantle primaries and secondaries, and darker-than-rump terminal tailband indicate Herring or other large gull combinations. |
| ✓ LEAST FLYCATCHER  | 1   | 9/27  | Algona                                | last   |
| ✓ NORTHERN SHRIKE   | 1   | 11/21 | Dickinson Co                          |  |
| ✓ PHILADEL VIREO    | 1   | 9/12  | Call St Pk, Kossuth Co                |  |
| ✓ GOLD-CR KINGLET   | 1   | 9/26  | Riverview Cem, Algona                 |  |
| ✓ " "               | 21  | 9/29  | Riverview Cem, Algona                 |  |
| ✓ GRAY-CHEEK THRUSH | 2   | 9/2   | Call St Pk, Kossuth Co                |  |
| ✓ SWAINSON'S THRUSH | 1   | 9/22  | USNWR                                 |  |
| ✓ VARIED THRUSH     | 1   | 11/20 | Dave Yager residence                  |  |
| Fenton, Kossuth Co. |     |       | This is the last I heard of the bird. |  |
