Species Tufted Duck

never seen in Iowa

1 ♂, maybe 2

date March 15, 1980

location Lake Manawa, Council Bluffs, Iowa

150-200 yds from S. Shore.

Description Like ring-necks. Dark purple head. White chest. Crest present on one that shook. Bill dark. Sides? Dark.

Breast white, sharp line.

terrible!

Behavior - stood on the water, shook wings & head, showing crest

Distance 150-200 yds.

Light ± 2:30 pm, ^{or earlier} looking N.

Binocs, telescope Binoculars, 50x10

Others present Robert Caughey #712 328 1072

Other species present 6 Redheads, 4-5 Ring-necks, some ♀

Yours looked like Ring-neck until it shook.

Experience with this + other similar species

Shot R-n Ducks before. Never seen a ~~Foot~~ Tufted ~~♂~~ before.

R-n Duck head "lobey" ← in contrast with Tufted's crest.

Books used, + when. Peterson's. Had book open checking the duck when we found this one
