

Dear Mr. Kent, Albin goldfinch ^{PHC} 10/5/99

Here are the pictures of the White Bird I have been seeing since 9/13/99. It has been at my daughter's feeder in our backyard. Her name is ^{Renée} ~~Renee~~ Griffen.

We are gradually moving the feeder a little closer to the house in hopes of getting better pictures.

Through our binoculars we saw some white feathering on the bird's feet also. There may be more than one bird, but only one at a time.

I have not seen Mrs. Jackson, but have talked to her on the phone. ^{- Ankeny} Wilma Griffen
