Hi Jim,  
=20

Two items for the summer report:  
=20

1. On June 16 Ken Hollinga (conference director for ABA) found an active = nest of Yellow-bellied Sapsuckers on the west side of Hawarden (Sioux = County). Ken is a birding buddy of mine, but I was still out of the = country at the time he found the nest. I went to see it a week later: it = was still active.

=20

2. On June 16 Ken also observed a Harris's Sparrow in breeding plumage at = the Sioux/Rock access in western Sioux County.

=20

These past years I do much traveling out of state and overseas, so my bird = reports have dwindled to very sparse levels indeed. One of these days I'll = retire, stay home, and watch Iowa birds again!

=20

With greetings,

=20

John
