Hello Iowa birders,
Had the opportunity to spend a few days in NW IA last week. The marshes were so low in the area, that I decided I would have to head back to the desert to see waterfowl. I did pick up a Great Egret on October 25 at the mud flats that go by the name of Smith's Slough (part of Deweys pasture complex in Clay Co.) Eight Snow Geese hanging out with the Canadas on High Lake (Emmet Co.) and a male Pileated Woodpecker foraging in the oaks near Pappy's Lake Side Area (Emmet Co., east side of Ingham L.) on October 25. Also a single American Golden-plover at Burrow's Pond WMA in Sac Co. on the 27th. You folks enjoy your winter (I am back in the sunny south). Hope that I can participate in the CBCs.
