Dave - bird first seen at 20 yards by Barb Bettis. Bird flew 50 yards.
It was viewed with a 22x scope. Mask was definitely below the eye.

) the Northern Shrike

Hank

The Loggerhead Shrike was Bruce Ehresman's. I can
contact him if you wish.

The Trumpeter Swan was by Wolf Oesterreich
at Hallett's. He said "I can give band
descriptions if you need it."
