

Spring 1980

5/28/80

Crossley
1890 Wood
Duluth 52001

Since I am not at all regular in the field I can not make meaningful field reports but I have a couple sightings which may be of interest. Have also seen numerous species on the Iowa Blue List but probably in not unusual numbers.

prob ok
but poor description

Golden Eagle, Apr. 12, 1980, very gold color, soaring northward at Green Island, Iowa
Northern Phalarope, May 17, 1980 at John Deere plant north of Duluth

Eagle seen by Mrs. Joan Higley and others
Phalarope by Mrs. Crossley and others

Geo. Crossley
