Carol, Here is a memo I received today from Laura.

10-22-90

I have been ~~out~~ voted on entering info until after editing is done by coordinators. Any ideas you have or input will be appreciated before a letter is sent to coordinators about procedure.

Bruce:

Thanks a lot!

Bruce

Talked w/ Susan about the PBA system. Basically we (all ^{not quite}) agree. So our procedure from here (correct me if I'm wrong) will be:

- 1) Send letter to coordinators
 - a. Will they come here to edit
 - b. Should we send info to them
 - c. Arrangements for how we'd get them in (reg. office hrs would be best).
 - d. Do they still have the newest computer info?

2) Create master cards for those who need them

(current info should be the same as this spring)

3) Susan will run printouts for those who need them. She agrees that we should hold off on key entering until after we get the edited masters back.

- Note: ~~Masters~~ ^{Priority blocks} ~~exp~~ completed by coordinators ^{in the field} will probably be entered "as is".
- 4) We enter corrected masters
 - 5) I extend fed. deadline in Nov ^{to} May 1991.
