Dear Mr. Dinsmore,

I don't know if this is worth reporting but my bird watching friend, Bea Bliss, and I saw two ^{wooden} Upsland Sandpipers sitting on posts July 9, 1995 - about 8:00 P.M. - 3 mi north and about 4 miles east of Carroll. As we were going out to check my bluebird boxes about 5 P.M. July 16 - 1995 we saw one again on a wooden post. ^(same location) I am wondering if they nest in Iowa. It is so seldom that we ever see one.

Sincerely yours,
