

11/30/81

Season: Ending Dec. 1, 1981

Ione E. Getscher
#4 Skyline Drive
Hamburg, Iowa 51640

Very mild summer and fall. Little rain. Report from my home

✓ White pelican 50 Sept. 8 migrating overhead
Ring-necked pheasants must have been a large hatch as we see more than we usually do

I think this is true of quails from what I hear from others

Ea. bluebird small #s Nov. 2, 9 migrating

✓ golden crowned kinglets great #s in town first wave was October 17th and second wave November 3rd

juncos Arrived on September 27th in town; seems early in view of the very mild weather in the prairie States.
