

Welcome to an update of the Birdline of the Iowa Ornithologists' Union for Friday, June 6 at noon. The next regular report will be Monday noon June 9th.

To skip the report and leave a message, just press the star at any time.

Another Prairie Warbler was located in SE Henry Co. in SE Iowa on the 2nd. It is 1.7 miles n. of Lowell and 1.1 miles e. of X23. Look in the Henry Co. WA on the south side of the road in a field with young trees. It is 60 yards east of Mud Creek but not as far as at Mud Creek P.

A Red-shouldered Hawk was at Dudgeon L. on the 1st.

A Blue-winged Warbler was at Ledges SP along the Lost Lake trail on the 3rd.

A report from NW Iowa did not record so that I could understand it.

And for the week's report:

The Lazuli Bunting at the rural home of Annie and Walter Leich (L-E-I-C-H), 4 miles n. of Glenwood at 54452 Highway 275 in SW Iowa was present on Thursday, May 28, but not the next day. Red Crossbills and Pine Siskins were also at their feeders. For updates, call the Leich's at 712-527-9617.

The Black-billed Magpies that are apparently nesting in Plymouth Co. were last reported on Sunday, May 25th. These birds are in western Plymouth Co. 2 miles south of Westfield. From Highway 12, take 234th St. 1.4 miles to a gate with a yellow rope on the south side of the road. Look north across the creek on the hillside. Please call the Birdline with updates, positive or negative.

There were no further reports of the White-winged Dove in Le Grand.

Reports from western Iowa include:

- Red-shouldered Hawk 7 miles east of Sergeant Bluff in Woodbury Co. on the 30th.
- Louisiana Waterthrush banded and photographed in the Loess Hills Camp Ground in Monona Co. on June 1st
- Am. Avocet 1 mile s. of Lake View in Sac Co. on the 30th
- Red-necked Phalarope 3 miles e. of Glidden in Carroll Co. on the 30th
- Red Crossbills were banded at Carroll the weekend of 24-25 May
- Pacific Loon on NW L. Okoboji on Monday the 26th but not on the 28th
- Migrants at Moorehead P. on the 27th and 28th including Conn W. and White-eyed Vireo.
- Barn Owls at Delbert Freemeyer farm e of Bedford in Taylor Co.

Reports from central Iowa include:

- Eared Grebe at Harrier M. in Boone Co. on Wed the 28th
- Yellow-breasted Chat for several days in Marshalltown in the yard of Ed and Betty Savage in NW Marshalltown (615 N 16th St, 515-752-0105)
- 11 Warblers, including CON, at Grammer Grove in Marshall Co. on the 28th and Alder Flycatcher

Reports from eastern Iowa include:

- 7 Sandhill Cranes at Goose L. in Clinton Co. on May 31st
- Common Moorhens at Goose L. and Green Is. in Jackson Co. on the 31st
- 25 Dunlin and many peeps at Green Is. in wet fields on the 31st
- Worm-eating Warbler west of the boat docks at Macbride NRA on 1 June; Cerulean Warblers are also there.
- 2 singing male Prairie Warblers at L. Macbride s. of the sailboat storage enclosure on the 1st;
- Orchard Orioles are in the area

1 Yellow-throated Warbler at L. Macbride near the old headquarters and shops on Cottage Res. RD  
3 Red Crossbills n. of Iowa City on the 29th and 30th were not seen after that.

A few migrants, especially warblers and shorebirds, are usually found in early June, so keep the reports coming.

After the beep, you can leave an inquiry or a message. Please also give the date, your name, and phone number.

Welcome to an update of the Birdline of the Iowa Ornithologists' Union for Saturday May 31 at 9 am. The next regular report will be Monday noon June 2nd.

To skip the report and leave a message, just press the star at any time.

The Lazuli Bunting north of Glenwood was not seen on Friday, May 29.

The Magpies were seen on Sunday, May 25. Please continue to report sightings of these birds.

North of Iowa City, 3 Red Crossbills were at Micky Piette's feeder on 29, 30 May. For updates call the Piette's at 52240 (9 South View Drive NE).

A Yellow-breasted Chat has been in the yard of Ed and Betty Savage in NW Marshalltown (613 N 16th St, 515-752-0105)

Connecticut Warblers were reported this week from Moorehead Park in Ida County, Grammer Grove in Marshall Co., and Macbride NRA in Johnson Co. A White-eyed Vireo was at Moorehead P.

Water birds seen this week were Eared Grebe at Harrier M. in Boone Co. and Am Avocet south of Lake View in Sac Co. and Red-necked Phalarope 3 miles e. of Glidden in Carroll Co.

And the week's report from Wednesday a.m. May 28.

The Lazuli Bunting at the rural home of Annie and Walter Leich (L-E-I-C-H), 4 miles n. of Glenwood at 54452 Highway 275 in SW Iowa was still present on Tuesday May 27th. For updates, call the Leich's at 712-527-9617. Also at their feeders are several Red Crossbills and Pine Siskins.

The Black-billed Magpies that are apparently nesting in Plymouth Co. were not seen by one observer this last week. These birds are in western Plymouth Co. 2 miles south of Westfield. From Highway 12, take 234th St. 1.4 miles to a gate with a yellow rope on the south side of the road. Look north across the creek on the hillside. Please call the Birdline with updates, positive or negative.

A Vermilion Flycatcher was reported 2 miles east of Holstein in Sac Co. on the 24th.

The White-winged Dove was presumably still present last week at Le Grand near the Church on Franklin St. on the NW side of town. Please call with updates, positive or negative.

A Least Tern was at Midwest Energy Ponds south of Council Bluffs on the 25th. Another was seen on 19 May south of Akron at Silver Maple Area.

Over the last week end Mississippi Kites were found in Greenwood Park in Des Moines, at the Olivetta Baptist Church in Clive, and at the junction of the two creeks in the canyon at Ledges SP.

A Bewick's Wren responded to a Western but not an Eastern tape on Sun May 25 at the junk yard 2 miles west and 0.5 miles north of Argyl in Lee Co.

One-half mile north of the junkyard at the Croton Unit of Shimek Forest, Western Tanager and Summer Tanager were found on the 24th, and Worm-eating Warbler was near the parking area along the creek of the Croton Unit.

Yellow-breasted Chat was found s. of Augusta in Lee Co.

Welcome to the Birdline of the Iowa Ornithologists' Union. This late weekly report is for Wednesday a.m. May 28. The next regular report will be Monday noon June 2nd.

To skip the report and leave a message, just press the star at any time.

I will give the best birds first.

The Lazuli Bunting at the rural home of Annie and Walter Leich (L-E-I-C-H), 4 miles n. of Glenwood at 54452 Highway 275 in SW Iowa was still present on Tuesday May 27th. For updates, call the Leich's at 712-527-9617. Also at their feeders are several Red Crossbills and Pine Siskins.
