27 FEB, 1982

CERRO GORDO CO.

4:30 to 5:00 PM  
approx.

2 MI. N. OF MASON CITY

Perched atop a highline pole for approx. 30 minutes.  
Allowed us to take photos from car. Several  
cars passed by the highline pole without frightening  
the bird. Excellent viewing conditions. Almost pure  
white plumage. Eventually flew into snow covered  
field 1/4 mile away and landed on ground.

Photos available if desired. Sorry to be late  
with this report. Curt Nelson
