

Johnson

12 Aug, 1982

Dear Tom

I have included a slide
✓ of a Bewicks Wren which
we caught and banded
in May 1982. At Pioneer
Ridge Conservation Park, this
is adjacent to highway 63 and
is just north of the Davis-Mapello
County line. We also banded
a long billed marsh wren in
this area.

Hope the information is
adequate - If not - please
let me know

MR. T.H. KENT - FIELD REPORTS EDITOR IOU

Are you interested in the fact that my
wife & I saw a House Finch at our feeder,
caught the bird in a trap, banded it and
photographed it (color slides) on June 26, 1982
at 81 Woodshire Drive, Ottumwa, Iowa, 52501?
