

SPECIES: White Winged Scoter (male)

LOCALITY: Eugene Armstrong farm pond - Beauvoille

DATE: 4/22/82 NO. SEEN: 1 only

OBSERVERS: Eugene Armstrong, Elsie Armstrong,  
Pauline Mooney, Dick Mooney

HOW IDENTIFIED:  Seen,  Heard,  Collected

SIGNIFICANCE:  - Early,  - Late,  - Numerous,  Scarce

- Other Very unusual in central Iowa

For unusual records give details of identification on reverse side and describe optical equipment.

Seen from rather close distance  
with binoculars and scope.  
Orange bill with protuberance  
white wing patch and mark  
near eye.

I am familiar with this  
scoter having seen them  
on both coasts and two  
different years on farm pond  
in Iowa with Woody  
Brown.
