You, 30, 1980
Dear Tom;
The winter warbler accounts are done & will be sent out later this week when we can get them copied. Certainly appreciate the word on the thrasher - my doc. sheet is enclosed. Film still in the camera - it was a fresh roll so will be a while before it is shot. Will see you on the 20th what territory should we cover? Also, would appreciate an idea of who will be able to come down for our count on Dec. 21st if you need 2 territories or one.

Fall report, such as it is, includes Springbrook sightings since you were there & bird list is in Sep. issue. Also enclosed is a Kittiwake doc. - doesn't rule out a Bonaparte's to my satisfaction. I haven't responded to him. ✓ D. c. Cormorant - still 12 at pool above Loch 13 on You. 1.
✓ Red-t. Hawk - good migration You. 1 - 30 seen in 40 mins at Sabula
✓ Red-sh. Hawk - 1 on Oct 25 - Fairmount Cem., also a Ag. lg at West Sabo Park
✓ Bald Eagle - 2 imm at Sabula You. 1 + Day. 7 at Sabula You. 1 in 40 mins
✓ Cooper's Hawk at Putnam Museum Sep. 22.
✓ Herring Gull - 1 imm Sep. 6 - off Beth. in Miss. R. - early
✓ Snowy Owl - 1 seen near Burlington by Terry J. You. 17
✓ Pileated Woodpecker - regularly seen on C. I.
Swallows - all species - heavy migration on Aug. 16 - Loch 13 area chiefly (Aug 30 by phone TK)
✓ A. br. Nuthatch - appeared 2 about Day weekend - 5 at P. H. Cem 9/28 a pair regular at home feeder late Oct on
✓ C. br. Thrasher - see doc. sheet - You. 19.
✓ E. Catbird - Oct 10 - home - latish
✓ Br. cr. Warbler - 2 banded Oct. 18, Camp W. Young, Jones Co
✓ W. h. w. Crossbill - You. 2 - 1 ♀ - Fairmount Cem
✓ Blue Lark - allowed in by late Sep. - 55 banded You. 20, same
