

6/4/81

June 3, 1981

Hi Thomas;

Here is a short Spring report.

Weather, dry and warm.

Cuckoos. Both species seen in mid May.

Cliff Swallows; Numbers up during migration.

✓ Purple Martin: Early March 23 sighting, numbers good.

Eastern Bluebird: Early movement in late Feb. Numbers good.

✓ Lark Sparrow; 2 pair seen in May.

✓ Coopers Hawk; Seen on May 15.

Sincerely,

*Dean*
