Dear Mr. Kent:

✓ I am writing to report an American Avocet which Lucille Fast and I, Eva Wiedemeyer, saw near the shore of Swan Lake, which is two miles south and a mile east of Carroll, Carroll County, Iowa on May 10th between 6:30 and 8:00 PmM. We are both members of IOU.

Also reporting a pair of bluebirds and a juvenal May 28th near the south edge of the Sac City cemetery, Sac County, about 5:00 P.M.

✓ On May 13th and May 14th about 10:00 A.M. I had the Cape May warbler in a shrub in my yard. It was the first time I had seen it.

Sincerely yours,

Eva B. Wiedemeyer
