V, No details, although suggestive due to presence at feeder.
See note on Diggs specimen below.

Boreal Chickadee

Brown

Christmas Bird Census in Iowa. IBL 37:5, 1967.

11. DUBUQUE (Linwood and Mt. Calvary Cemeteries, City Island, Dubuque's Grave Area, City Harbor, John Deere, Wisconsin). Dec. 26; 7:30 a.m. to 5:00 p.m. Temp. 5-20; wind calm. Clear with bare ground; river open in patches, frozen last 2 days. Observers (9) in 1 party: Basil Beal, Frieda and George Crossley, Joan and Howard Higley, Jr., Howard Higley III, Ival Schuster, Phyllis Shultz, Paul Skelley, Jr.

The Boreal Chickadee was at a feeder and had been reported since Thanksgiving. (This appears to be the first record for Iowa. ed.)
