| ✓ green-winged teal (nest) | 1   | June 7  | Ventura Marsh Wildlife Area, Cerro Gordo Co.<br>♀ was captured on nest and banded on June 7. Nest was first found on May 27 (11 eggs, about 4 days incubation); all eggs hatched on June 17.<br>other observers besides myself: Kurt Baker and <u>Al Hancock</u><br>(Do you think I should write a short note for Iowa Bird Life on the nest? I'll be sure to send a nest record card to Dave Newhouse.) |
| ✓ spotted sandpiper (nest) | 1   | June 8  | Union Slough National Wildlife Refuge, Kossuth County; - JLH, <u>Erv Klaas</u> , <u>Kurt Baker</u> , <u>Jim Kline</u><br>Nest w. 4 eggs found June 8, hatched either June 15 or 16.                                                                                                                                                                                                                      |
| ✓ red-breasted merganser ♂ | 1   | June 24 | Clear Lake, Cerro Gordo Co. - JLH (was able to fly)                                                                                                                                                                                                                                                                                                                                                      |
| ✓ white pelican            | 39  | June 30 | circling over Rice Lake, Winnebago Co. - <u>JLH, Dave Newhouse</u> , & others                                                                                                                                                                                                                                                                                                                            |
| ✓ white pelican            | 1   | July 6  | on Ventura Marsh, Cerro Gordo Co. - JLH                                                                                                                                                                                                                                                                                                                                                                  |
