Dear Tom -

An addition to the fall reports I've already mailed: -

It wasn't until last night that we heard of 6 Whistling (Tundra) Swans on Pine Lake, S. Hardin County. They had been seen for 2 days, Nov 29 + 30, by Nancy Slips + Frank Williams.

I couldn't find them today when I searched for them. Frank had seen them with his scope.

Phyllis Harris still has a white-throated sparrow at her feeder (in Union) too.

Luscumb

Good birding -
Beth Praeschaedt
