Mr. Kent;

On August 20, 1983 We, Marlene Krause Akron Ia  
Betty Krause Conyer Wyo and Hank Krause Akron,  
Iowa all witnessed a Red-Breasted Nuthatch. The  
bird was seen at 8:00 AM. Aug 20 in the  
Plymouth Ct. Park Big Spring River, North of  
Akron Iowa. We were very close so it was  
very easy to identify.

Regards.
