

5/34/85.

Kent -

The sighting of Pileated Woodpecker is unusual.
One was sighted by Mel Moe (Area
Game Manager) at Mt. Ayr. sighted in
Game Management area 20 miles N of Lamoni
in June 1984. Near town of Grand River.
Jeff Livingston is a careful observer. He discovered
the Mountain Bluebird here Dec 84. He
banded 5 Longspur on my farm 1983.
