

June 7, 1985

Dear Tom -

Sorry this is so late.  
I just came across it.

Thought you might  
want the Ross's goose  
record.

Thanks,

Babe Padelford

From: Rick Wright, 11530 Westwood LN, #33, Omaha 68144

Scheil Zende, Boston

GREAT egret - 2 - 4/28 - Folsom Lake RW

1 5/5 - Forney's Lake RW, SZ

Am. BITTERN - 1 - 5/1 - Lake Manawa RW

Com. merganser - 1 female - 5/5 IPL ponds - R.W., S.Z.

Red br " - 5 " - 5/5 " " R.W., S.Z.

PEREGRINE FALCON - 1 - 5/5 - no. of Forney's - R.W., S.Z.

Large, dark falcon stooping at small passerine.  
Dark back, heavy cap & mustache, wing-livings  
and axillars barred gray.

Stilt sandpiper - 8 - 5/5 Folsom Lake RW, SZ

Common tern - 1 or 2 - 5/5 - Forney's. Distant RW, S.Z.  
but showed in flight shorter tail, darker  
wing-tips with discrete black wedge on  
inner primaries.

Tom -

I found some more of Rick's  
sightings. This should be the  
end of them!

P.S.: I'm not sure that these dates matter even as much as the few I had for Nebraska, but could you pass them on to whoever might want them? Thanks.

Ross' Goose, 2 March 7, Forney Lake, Iowa.

Blue-winged Teal, 1 drake, March 7, Lake Manawa, Iowa. This strikes me as a fairly early date for the species.

Eastern Bluebird, 1 bird, March 7, Forney Lake, Iowa.
