WEATHER/HABITAT: describe any unusual features at bottom of page

SPECIES	NO.	DATE	LOCATION - COMMENT - OTHER OBSERVERS
Western Grebe	3	7-23	Rush Lake - Osceola Co. - one pair of adults with one gray young - The pair would swim on line, then stop when young one would fall off back of adult. They would then stop and wait till the young would get back on. Parents would swim with head back resting on their body.
 PICTURE OF RESTING GREBE			Another adult bird was within 50 yards of this group but never got any closer and did not acknowledge their presence
American White Pelican	1	7-27	Ingham Lake East Slough, Emmet Co.
(late departure) Double-crested Cormorant	1	6-2	Hendrickson Marsh, Story Co.
Great Blue Heron	40+	7-27	Ingham Lake East Slough, Emmet Co.
Black-crowned Night-Heron	2	7-26	marshes along highway 9 south of Silver Lake, Dickinson Co. - one adult was seen with one immature - They both took off at the same time and landed together deep in the rushes
(late departure) Canada Goose	7	6-2	Hendrickson Marsh, Story Co.
Ruddy duck	6	7-23	marshes along highway 9 south of Silver Lake, Dickinson Co. <b>1 ADULT</b> <b>5 YOUNG</b>
American Coot	3	7-14	Colo Ponds, Story Co. - one adult &

two young - unusual nesting as there few noted in Story County
