

7/29/85

Jim,

I have set up a filing system for all photos + documentations. Now that we have multiple field reports editors, we need to discuss procedures for storage/filing of materials - central vs by season. We can discuss this in Sept.

Hope you have a good trip.

Tom.

Season: Summer Year: 1985Name and
address
(print
or type)Thomas H. Kent

Other observers (name, city):

211 Richards StIowa City, IA 52240Use first few lines to give weather and habitat conditions. Use line(s) below species data to give additional details, if needed. Mail to:
T. H. Kent, 211 Richards St., Iowa City IA 52240
by 1 Mar, 1 Jun, 1 Aug, or 1 Dec.

use initials of obsv. on species line

SPECIES	NO.	DATE	LOCATION - COMMENT - OTHER OBSERVERS
Great Blue Heron	30	4 Jul	Coraville Res
"	105	21 Jul	"
"	144	28 Jul	"
Mute Swan	1	15 January	Hills, Johnson Co. ^{Seen by several people in early January} In a small area of open water. Not included in winter report. I forgot to list it.
Hooded Merganser	4	4 Jul	♀-type, full grown young of year? Swan L.
Lesser Yellowlegs	1	4 Jul	Coraville Res
Solitary Sandpiper	5	4 Jul	"
Least "	17	"	"
Pectoral "	1	"	"
Belted Kingfisher	1	4 + 28 Jul	Swan L., Johnson Co - uncommon summer
Acadian Flycatcher	3	23 Jun	Amara Woods
Veery	2	"	" "
Belted Vireo	1	4 Jul	Swan L.

Addendum to spring report: Bruce Peterjohn reports that he has never seen a Semipalmated Sandpiper in Ohio before May. He suggests that Iowa March sightings reported in the last issue are likely winter plumaged Least Sandpipers, in a lighter plumage than we are used to seeing.
