

Memo To

Jim Dismore

From

Pete Peterson

I plan to send copy for Sep. issue to the printer about 20 days. Fall meeting is so late it would really delay to hold for that so it will have to hold for March. If Ross has index ready by you, we can get Dec. issue out in Dec.

Who should we have fall reports sent to? No vol., but perhaps we should ask some candidate - Frasin, Joe S. and Bob Myer perhaps.

No input from anyone on newsletter since spring meeting. January would be nice target date.

P.S. I believe we are getting low
on binding areas, perhaps we should
consider printing 600 more (we have
600 more covers printed) + maybe
add the recent update articles. R.P.
