Season: Fall Year: 1984	Name:	Douglas Harr	
		Address:	Box 65
			Larchwood, Iowa 51241
Other Observers:	(see page 2)		

General Notes: A very pleasant and generally dry fall in much of extreme NW Iowa. Some rains in late October, and a couple of inches of snow in Spirit Lake area on Nov.9. Peak raptor migrations seemed to occur between Oct. 7 & 13. Swainson's hawks and N. Harriers seemed especially plentiful this year (thus are not listed below specifically)
