Dear Dr. Halmi,

I am enclosing a list of recent sightings, for inclusion in the next "Field Reports" section of Iowa Bird Life, if you deem them important enough.

Date: September 5, 1977

Location: County Road #54 adjacent to Lake Rathbun and Lake Rathbun access areas.

Species:

- 108 Eastern Kingbirds (in a 1.5 mile stretch of-)
road perched on wires.
18 Tree Swallows
1 Yellow-throated Vireo
2 Warbling Vireos
3 Black-and-white Warblers
2 Prairie Warblers
1 Canada Warbler

Sincerely,
Gary Wymore
