Nick
Stravers

very dim late - thought I had
till the end of Feb. my apologies.

~~2~~ 2 miles of open water below Red Rock
dam.

- Mallards are staying all winter - 6 Common
- Mergansers stayed through Jan 6.
- 1 Coopers Hawk (adult) Dec 28
- Very few Roughleggeds. - (3 sightings in 6 weeks ~~can~~)
even though we conducted a raptor survey of 2 townships
- 4 Bald Eagles through Dec - 1 adult 3 immatures.
adult ~~sighted~~ sighted as
late as Jan 22.
- 2 Long Ears and 1 Short Eared sighted last week
in Dec. - In Jan everywhere groves that had yielded
Owls every time they had been searched -
had no resident Owls.
- 1 Belted Kingfisher - Feb 11

(over)

Jon Stravers

Horned Larks are more abundant than usual.
