

DeLong

* Sharp-shinned Hawk
Banded one 9-21-78

* Yellow-billed Cuckoo's Nest

Found one 8-20-78

Banded adult - 9-4-78

2 young ones - 9-8-78 - 9-17-78

Got them in nets

Red-headed Woodpeckers

Banded 8 young ones in my yard
in Aug - Sept.

Yellow-shafted Flicker

Banded 8 in my yard

Eastern Kingbirds

Very high - Banded 84 Kingbirds in my yard
in August

Purple Martins

Began congregating on wires near
Lake Hashane, Lamoni's water supply.

Man called me & said he counted

over 1500 - when I saw them, they

were even roosting in trees as no

room on wires still here Aug 27.

Brown Creeper

Banded 5 this fall.

House Wren

late date - Banded one 10-23-78

good

over

Veery - Banded my first Veery -
Banded two, first week in Sept.

Golden-Crowned Kinglets

Banded none in 1977; Saw none in
Spring of 1978, but banded two

this October - Evidently, have made a
?? comeback since cold year 1977.

Cedar Waxwings.

Big flock now eating mackii
honeysuckle berries.

* Bell's Vireo -

Banded two this year - One on Aug 12.

Solitary Vireos.

Scarce - Saw none this fall

Warbling Vireo and

Red-eyes - Plentiful

Warblers

Poor warbler migration this fall

Compared to other years

Haven't seen a magnolia for 1977
or 1978

* Yellow Warbler.

I did band 4 yellow warblers this fall.

Cardinals

Unusual large number of
Cardinals this fall in Sept
and October

Sparrow Migration **poor**

Only a few Harris and Fox
usually band many Fox but
only 3 this fall
latest date for Fox 11-25-78

White throats - banded 26
latest date - Nov. 11, 1978

Not one Lincoln did I band
or see.

Tree Sparrows - Many here this
November.
