23 April 1986

T.H. Kent 211 Richards St. Iowa City, IA 52240

Dear Mr. Kent:

Enclosed is a field reports form I am submitting for a Bewick's Wren I have observed around our home for the past two weeks.

I feel so lucky having seen this bird, my first Bewick's Wren, since I first saw it the day after I returned from California, eight days of great birding. This little bird turned out to be the topper to a great trip.

If you have any questions about the sighting or the bird, please don't hesitate to call. I'll notify you of any nesting activity.

Sincerely,

Open

Elizabeth Christiansen
