

7/12/86

Dear Jim,

On Sunday July 6, 1986 I had a phone call from Dolly McClaffin, Rt 1 Box 7, Lost Nation 52254 (319-678-2687) about a Scissor-tailed Flycatcher seen that noon 1 mile east of Lost Nation. She had lived in Texas and was familiar with the bird. She gave me some details that sounded convincing. Tom Standt went the next day, but couldn't find the bird. Tom talked to the lady and was also convinced by the details she gave. Unfortunately, neither of us wrote down what she said.
