KRAUSE

Tom Kent  
211 Richards  
Jawa City Iowa 52240

Mr. Kent:

I thought I had sent this info to you, but  
evidently not. My sightings for the early part  
of 86 were

April 20. 9 Turdes Swain south of Westfield  
W. Plymouth Co.

May 10. At least 100 Chestnut Collared Longspur  
N. of Akron W. Ply. Co. Caught in a late  
storm.

We had a pair of Loggerhead Shrike nest  
in my yard. Raised 4 young.

Found 5 pair of Blue Grosbeak nesting  
N.E. of Akron in about a 10 mi area.  
"sq. mile."

A very interesting spring and summer.

Hank Krause  
Akron Iowa
