Dear Jim,

I received your note requesting I do a short Field Note on the Purple Gallinule, and will be happy to do so. Unfortunately, when I sent in the Field Reports to you, I did not have access to a copier. If it is not too inconvenient, could you please photocopy the Documentation and send it to me in the SASE? *BRING TO IOU meeting?*

Hope to see you and Steve at the IOU meeting.

We still have not got the house situation taken care of yet, so am still commuting from Keokuk. As soon as we get located up here, I hope to get out with you and/or Steve.

Sincerely,

Bob Cecil
