Iowa City IA 52245

Bob

Sorry this is a few days later. This boundary always sort of creeps on me + is past before I realize

Species	#	Date	LOCAL	Other Info
— Surf Scoter	1	5/21-5/22 1988	Ventura M Cerro Gordo Co, IA	Sub adult male - doc. enclosed seen by many others
White Goose unknown sp	1	4/10/88	Cone M Louisa Co, IA	Including this only in case it turns out to be something, so dates can be set Smaller than Canada, Almost all white except
Black-crowned Night Heron	2	4/30/88	Hawkeye Wildlife Area Johnson Co, IA	Orange / yellow Bill Gray on trailing edge of under wings in flight Gray streak on side when sitting
— Gray Partridge	2	4/30/88	Madison Township Johnson Co, IA	Uncommon / Very Rare Around here
— Common Nighthawk	1	5/10/88	Iowa City Johnson Co. IA	First of Year
— Chimney Swift	1	4/26/88	Iowa City, Johnson Co IA	First
Cliff Swallow	15 (approx)	4/25/88	Iowa City Johnson Co IA	First birds seen at nesting colony this year.
— Chipping Sparrow	#1	4/4/88	Iowa City Johnson Co. IA	First of Year I didn't think when I saw this that it might be an esp. early date. It acted + looked like a Chippy + was not seen at a place in my yard where I have ever seen Tree Sp On this date I carefully examined the bird + saw the eyestripe in addition to the red crown noted on 4/4
	1	4/10/88		
Leak Sp	2 1	4/30/88 5/29/88	Hawkeye WA. Johnson Co IA	I don't know if there are less common than they used to be or if I just miss them. The 2 on 4/30 were 1 mile apart. The 5/29 bird was at location of one of 4/30 birds, suggesting breeding
— Henslows Sp	1(?)	5/22/88	Lime Cr. Nature Center Mason City IA	Doc. Enclosed.
House Finch	1♂, 1-2♀	3/15/88	Iowa City Johnson Co.	All at feeders. The feeders on 3/15 were several miles from the feeders I saw them on on 3/19 When do we stop talking about every one.
House Finch	1♂, several ♀	3/19/88	Iowa City Johnson Co
